A GREEN AND PLEASANT LANDSCAPE

The new office buildings in the Plattekloof Office Park development have been designed by one of SA's premier architectural firms and provides office space just a stone's throw away from nature.

With striking views of Table Mountain, it offers more than just a 'place of work' with its unique setting, style and landscaping. It makes for an ideal environment to maximise employee productivity and performance.

Strategically positioned just off the N1 in the upmarket suburb of Plattekloof, the premises are perfect for creating a working environment just a few minutes from home. Away from the congestion of city traffic and the bustling northern suburbs, the area boasts a balanced mix of lifestyle and shopping amenities, eateries and gym.

With a well-established corporate presence, the development is already home to several blue chip companies.

The office park offers two new premier grade development opportunities comprising approximately 6 600m² and approximately 3 600m² of rentable area over three stories and offering flexible floorplates.

Naming rights are afforded to single tenant users, with exposure to Plattekloof Road, while the development features 24-hour security, with closed-circuit television surveillance.
